

# Webcast "How to apply for Professorships"

The TUM Talent Factory gives researchers at TUM access to the Webcast "How to apply for Professorships" produced by the coaches of [schainundkuchenbrandt](#) which is designed specifically to provide researchers with detailed information about all phases of the appointment procedure for professorships (focus Germany), and to give them concrete advice and tips for their applications.

We particularly recommend you to take part in webcast if you are planning to apply for a professorship in Germany, as you will be able to familiarise yourself with the procedures necessary for the application process. In addition, as part of our regular workshops aimed at postdoctoral researchers we offer the two-day workshop „Professor wanted! How to apply for professorships“ which will provide detailed information on this procedure. In order to keep you up to date on when the workshop will take place, we ask you to keep yourself informed by checking our web pages regularly.

**Please refer to our website for detailed descriptions of the webcast and workshops.**

## Webcast details and registration:

The webcast includes 3.5 hours of video material as well as materials (handout, sample CVs, list of questions from commission discussions). To get access to the webcast, please register by filling this form, we will send you your access code within a few days. The webcast is in English and free of charge.

You need to use your **TUM email address** to register since we acquired a license for TUM members. If you do not have a TUM email address (yet), please contact us beforehand via [postdoc-application@tum.de](mailto:postdoc-application@tum.de). **If you need the login details urgently, please write with your TUM-email-address to [foerg@zv.tum.de](mailto:foerg@zv.tum.de).**

If you have any questions, please contact us via [postdoc-application@tum.de](mailto:postdoc-application@tum.de). Sign up for our [Postdoc Mailinglist](#) to stay informed about upcoming workshops and other calls & offers relevant for postdocs.
