

# C2PAP

exc\_cluster\_caption.pdf

C2PAP is the *computational center for particle and astrophysics* at the Excellence cluster "Origins and Structure of the Universe" ([homepage](#)). The [C2PAP team](#) runs a compute cluster of the same name located at the Leibniz Rechenzentrum and provides support to cluster researches on various computing and data-analysis related tasks.

This wiki is dedicated to usage of the compute cluster and related information. For details, visit the individual pages via the left sidebar or the below list of pages.
