! Safety note

To securely access the Internet via the Wi-Fi network eduroam you must install the suitable configuration profile. Logging in without proper configuration poses security risks for your personal data!

1. Download configuration profile - iPhone

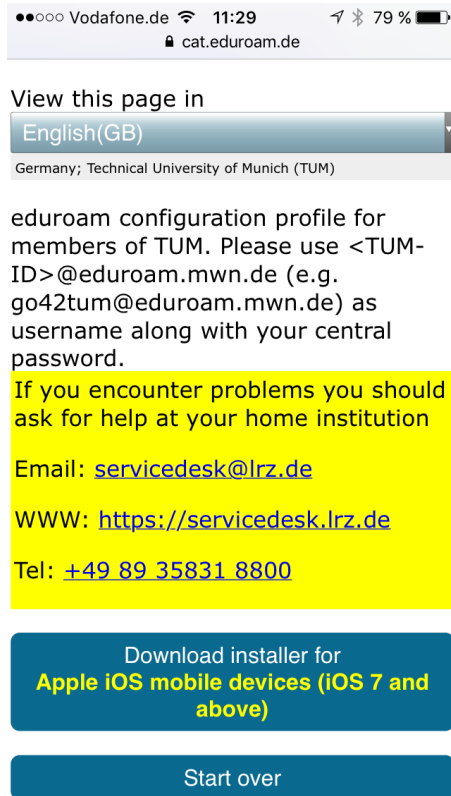

Open <https://cat.eduroam.de/> and select as home institution the "Technical University of Munich (TUM)". Click on the blue button to continue.

Screenshot: Home institution - iPhone

Start the download of the "installer" (configuration profile) by clicking on the blue button (Apple iOS mobile devices). The version of your iOS gets recognized automatically.

Go to step "2. Install configuration profile".

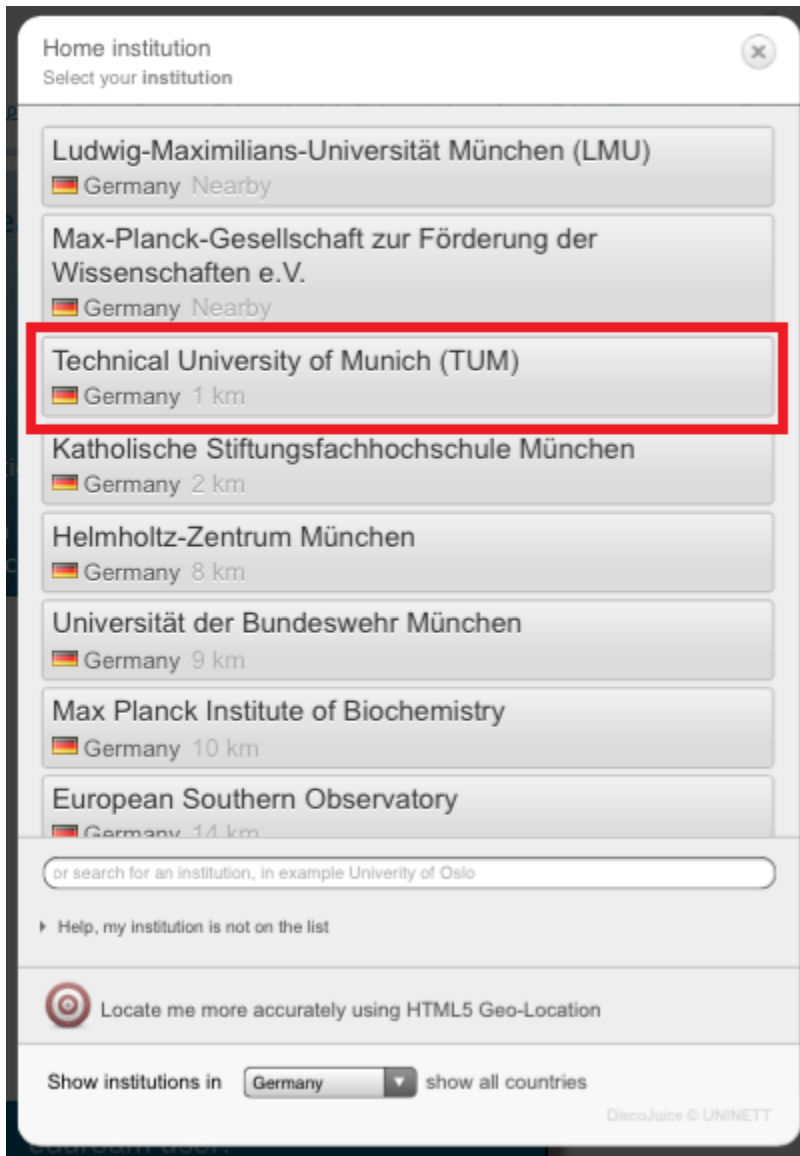

Screenshot: Download "installer" - iPhone

1. Download configuration profile - iPad

Open <https://cat.eduroam.de/> and start the download of your configuration profile by clicking on the button "**eduroam user: download your eduroam installer**".

Select the "Technical University of Munich" as your **home institution**. If "TUM" is not listed, use the search function to search for "**TUM**".

Screenshot: Home institution - iPad

Start downloading the "installer" (configuration profile) by clicking on the blue button: **"Apple iOS mobile devices (XX)"**
The version of your iOS gets recognized automatically.

Screenshot: Download "installer" - iPad

2. Install configuration profile

Install the downloaded configuration profile by clicking on "install!".

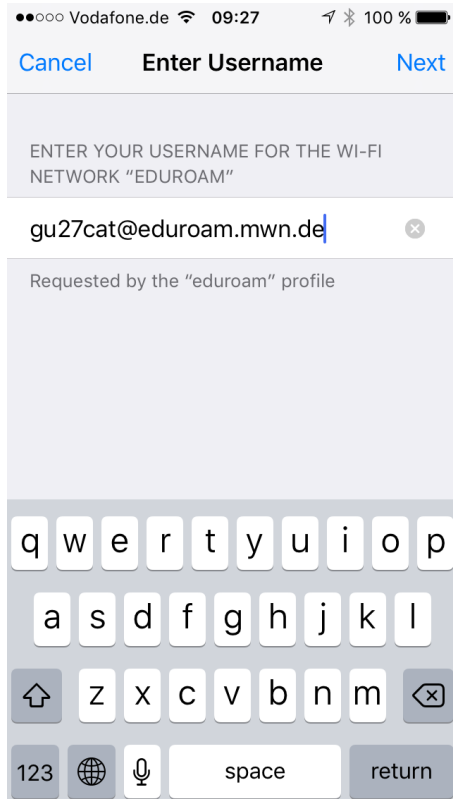

Screenshot: Install configuration profile

3. Enter user credentials

Enter your user credentials as shown: TUM-ID@eduroam.mwn.de, e.g. gu27cat@eduroam.mwn.de. You find your **TUM ID** in TUMonline at "E-mail addresses".

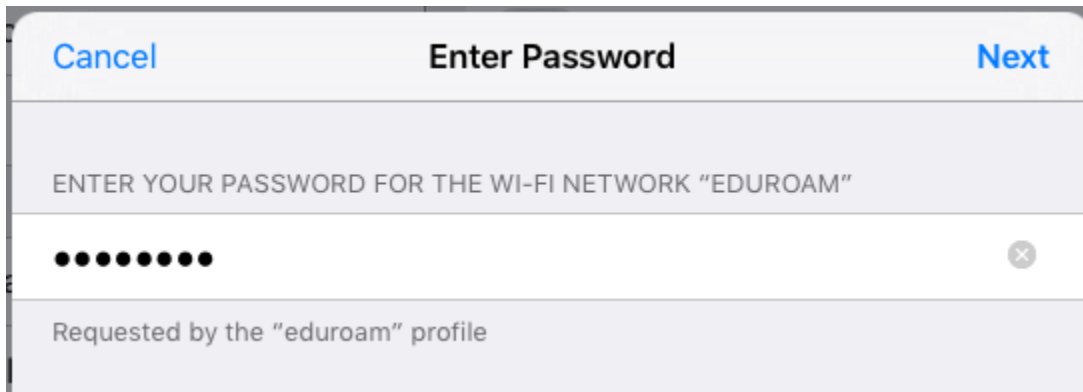

Tip user name

Enter your user name as shown and your device connects automatically, everywhere available, to "eduroam".

Screenshot: Enter user name

Enter your personal password.
Your personal password is your TUMonline password.

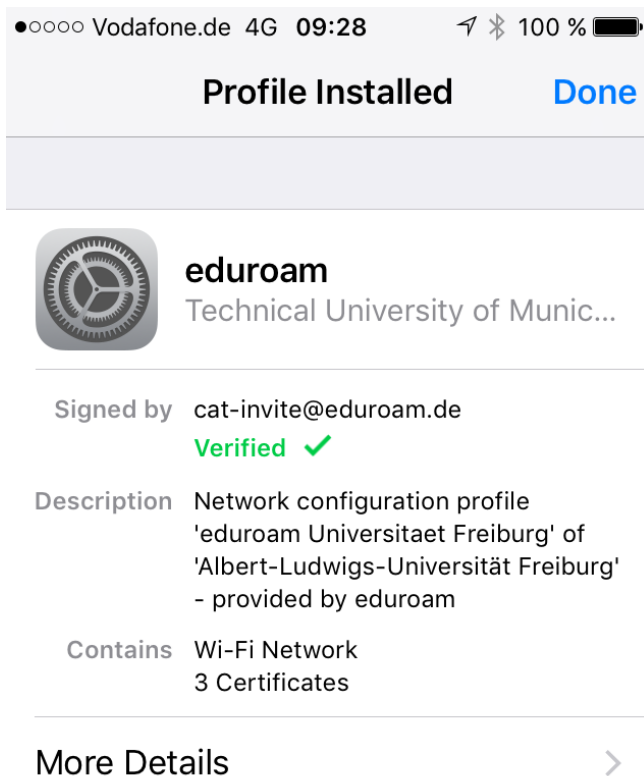

Screenshot: Enter password

4. Connect to the Wi-Fi

You get the following view:

Click on "Done" to finally install the configuration profile. Your device connects automatically to the Wi-Fi.
IF NOT: Select "Settings Wi-Fi eduroam".
